

DEAR COLLEAGUES,

The time has come again to organize the Biennial Convention of our Association. In keeping with our earlier concept, this will be our 7th English language international forum. We shall at the same time celebrate the 25th anniversary of the establishment of MPHEST.

This Convention will be held from 17 to 19 September 2015 in Szeged. We want to ensure scientific excellence by inviting renowned Hungarian and foreign lecturers.

For the first time, a memorial lecture will be held in honor of Zoltán János, which we intend to make a tradition and provide the opportunity for a lecturer to cover a topic on the invitation of the Association.

Autologous adipose tissue transplantation continues to be an ever-evolving and changing area in plastic surgery. We have come a long way from the first documented attempts. This will also be the main topic of the Convention both in restorative surgery and mostly esthetic surgery.

In addition, priority themes will be the correction of problematic and complicated cases and secondary interventions, as well.

I hope that in Szeged the science, the company and the venue will help us have a good time both professionally and personally.

On behalf of the organizing committee, we hope that you can book this date for us in your schedule. Everyone is welcome to Szeged to the banks of Tisza River.

Dr. Csaba Viczián
chair of MPHEST

VII. INTERNATIONAL FORUM ON PLASTIC SURGERY

VII. INTERNATIONAL FORUM ON PLASTIC SURGERY

September 17-19., 2015 | Szeged, Hunguest Hotel Forrás****
