

MEWPE 2014 Workshop

Hotel Klastrom*** Győr, Hungary
7-9 November, 2014

WELCOME NOTE

Dear Friends and Colleagues!

It gives us great pleasure to invite you to come together from the 7th of November to the 9th of November in Győr, Hungary for the 20th Anniversary MEWPE meeting!

In the past twenty years MEWPE gave an excellent opportunity for the participating countries to get to know each others research and clinical practice. Several joint projects were successfully conducted, papers were published and efforts were united to provide a better patient care. This year we celebrate twenty years of cooperative effort.

The congress is themed obesity, diabetes and environmental diseases. We also focus on translational new prospectives in pediatric endocrinology. Dr. Attila Patócs and Prof. András Szabó are invited to give lectures on the topics of pediatric pheochromocytoma and vitamin D metabolism. In addition to the invited speakers, we invite you to share and discuss interesting cases and significant new ideas from various areas of pediatric endocrinology. Abstracts are to be sent to luczay.andrea@med.semmelweis-univ.hu.

Aside from the scientific program we have also prepared an exciting social program in Pannonhalma.

We look forward to opening our doors to everyone to the next MEWPE meeting!

Andrea Luczay, MD, PhD and **Dóra Török**, MD, PhD
