Minimal invasive procedures in urology XIII.

Budapest, Hungary

23-25 February, 2023
(Thursday-Saturday)

PRELIMINARY PROGRAM

Time	Presentation
16:00	Opening for the trainees
16:15	TRAINEE'S COMPETITION - LECTURES
	1) BPH surgical solutions in terms of effectiveness and complications
	2) Renal tumor resection exploration, laparoscopy or robot-assisted surgery in oncological and functional success
	3) Radical prostatectomy exploration, laparoscopy or robot-assisted surgery in oncological and functional effectiveness
	4) Treatment options for muscle invasive bladder tumors in the light of oncological effectiveness and quality of life
	5) In what cases is the metabolic examination of a kidney stone patient like – What, when, how?
	6) Procedure for the investigation of PSA rise in case of age-dependent gray zone PSA, taking into account sensitivity and specification
17:30	Coffee break
17:45	Pelvic trainer exercises: laparoscopic knotting, suturing, PCNL, URS operations, perfusion models, skill-developmental assessment of medical candidates Members of the judging committee: Dr. István Buzogány; Dr. Tamás Beöthe, Dr. Endre Holman, Dr. József Varga, Dr. Zsolt Domján, Prof. Dr. Péter Tenke

Time	Presentation			
08:30	Opening Dr. Zsolt Dobosi general director; Szilárd Németh government commissioner, parliamentarian; Dr. László Tóth, the Deputy State Secretary responsible for the professional management of health care at the Ministry for Home Affairs; Dr. Judit Bidló, deputy general director for price support of NEAK; Dr. Zita Szondi, the Deputy Director of OKFŐ responsible for primary and secondary health care; Prof. Dr. Csaba Polgár, general director of OOI; Gregoire Stevenson, Commercial Distribution Manager S. Eastern Europe, Russia and S. Africa et Intuitive; Dr. Árpád Szántó, president of MUT; Prof. Dr. Péter Tenke Head of Department, President of the Urology Department of the College of Health Professionals			
09:30	Laparoscopic retroperitoneal kidney surgery tips and tricks Dr. Jozef Babela	I. OR (300 min) Robot-assisted radical cystectomy and orthotopic bladder formation Prof. Dr. Christian Schwentner	II. OR (180 min) Robot-assisted partial nephrectomy Prof. Dr. Jens-Uwe Stolzenburg (OOI live)	III. OR (60 min) PCNL+Flexible URS Dr. Bagheri Fariborz Prof. Dr. Mario Sofer
09:45	Robot-assisted prostate adenomectomy – tips and tricks Dr. Hasan Qazi			
10:00				
10:30				
11:30	Evaluation of assessment presentations and laparoscopic skills assessment of medical candidates, announcement of results			
12:00				
12:30				
13:00	Lunch break			
13:30	Robot-assisted radical cystectomy tips and tricks Prof. Dr. Christian Schwentner sponsored by Sofmedica		II. OR (120 min) Robot-assisted NS prostatectomy Prof. Dr. Jens-Uwe Stolzenburg (OOI live)	III. OR (120 min) HoLEP Prof. Dr. Mario Sofer
13:45				
14:30		I. OR (180 min) Robot-assisted prostate adenomectomy Prof. Dr. Christian Schwentner		
14:45				
15:00				
15:30			II. OR (120 min) Robot-assisted retroperitoneal partial nephrectomy Dr. Jozef Babela (OOI live)	III. OR (180 min) Bipolar Plasma Enucleation of the Prostate (BPEP) Dr. Ho Thi Phuc
16:00				
16:30				
17:30				
18:30	End of academic programmes			

Time	Presentation			
08:00	UROONCOLOGY SYMPOSIUM Perspectives of treating locally advanced or metastatic bladder cancer in 2023: The role of immunotherapy in the treatment of metastatic bladder cancer (Pfizer-Merck Alliance symposium) Dr. Lajos Géczi moderater, Dr. Zsófia Küronya The role of radioligand therapy in the treatment of metastatic castration-resistant prostate tumors (Novartis symposium) Dr. Péter Riesz Financial options and solutions for surgical and medicinal treatment of prostate cancer Dr. Judit Bidló The treatment of late-stage metastatic prostate cancer – who, for how long, in what way? Dr. Anikó Maráz			
09:30		I. OR (240 min) Robot-assisted renal tumor resection Prof. Dr. Péter Nyirády	II. OR (150 min) Laparoscopic renal tumor resection Dr. Péter Sarlós Donát	III. OR (180 min) Mini PCNL Dr. János Dér
12:00	Lunch break		II. OR (180 min) Laparoscopic bladder diverticulectomy Dr. Krisztián Szegedi	
13:00				III. OR (120 min) Bipolar Prostate Plasma Enucleation, en bloc (BPEP) Dr. Zoltán Kiss
13:30		Indication and efficiency of topical absorbable hemostats Mónika Hajdu		
14:00	Practical workshop on blood injected animal kidneys for 10 persons in the Simulation room	I. OR (240 min) Robot-assisted radical prostatectomy NS Prof. Dr. Péter Tenke		
15:00				
15:30				
18:00	Final thoughts Prof. Dr. Péter Tenke
