

BUDAPEST
PROCTOLOGY
MEETING 2025
HOW WE DO IT?

PROGRAMME BOOK

14-15 NOVEMBER, 2025
BUDAPEST, RADISSON BÉKE BLU

SCIENTIFIC PROGRAM

FRIDAY | 14 NOVEMBER, 2025

08:30-09:00	Opening Ceremony, Quiz Szabolcs Ábrahám, Péter Willner-Haring, Éva Csátár
09:00-09:20	Minimal Requirement of Proctology Praticce Carlos Leichsenring, Péter Ónody
09:20-09:40	Discussion
09:40-10:10	Overview of Anal Fissure: Is There a Change in Treatment of Anal Fissure? Frédéric Ris
10:10-10:30	Discussion
10:30-11:00	COFFEE BREAK
11:00-13:20	EMERGENCY IN PROCTOLOGY
	'Emergency Proctology' - a Novel Concept? How We Do at Denmark's Largest Department for General Surgery Serving 600k Citizens in the Copenhagen Region (40') Markus Puchner
	The Role of US in Acute Proctology (20') Giulio A. Santoro
	The Role of MRI and CT in Acute Proctology (20') Rania Farouk
	Discussion (30')
	Case Presentations (30')
13:20-14:20	LUNCH BREAK

14:20-16:30

HAEMORRHOIDAL DISEASE

Choice of Treatment in Haemorrhoidal Disease (20')

Gabriele Naldini

PPH - Why is it Banned in so Many Countries? (15')

Carlos Leichsenring

What is the Role of the Laser in HD treatment? (15')

Valentin Sojar

What is the place of the DG HAL-RAR procedure? (15')

Frederic Ris

Safety Measure in Haemorrhoidal Surgery (15')

Péter Willner-Haring

Treatment of hemorrhoids with rectal artery embolization.

Analysis of our first 60 procedures (10')

Csaba Oláh

Discussion (30')

16:30-17:00

COFFEE BREAK

17:00-18:00

FUTURE PERSPECTIVES

Future in Proctology (20')

Valentin Sojar

AI in Imaging and Decision Making (20')

Rania Farouk

Discussion (20')

19:00-22:00

WELCOME RECEPTION (OPTIONAL, WITH TICKET)

Spoon The Boat

Vigadó square, Dock No. 3.

30 minutes on foot or 20 minutes by public transportation
(M1 metro line)

SCIENTIFIC PROGRAM

SATURDAY | 15 NOVEMBER, 2025

09:00-11:00 ANORECTAL FISTULAS

State of the Art - Anorectal Fistulas (40')
David Zimmerman

Is the MRI Better in the Diagnosis of Fistulas? (20')
Rania Farouk

Is the US Better in the Diagnosis of Fistulas? (20')
Giulio A. Santoro

Discussion (20')

Case Presentations (20')

11:00-11:30 COFFEE BREAK

11:30-12:30 RECTOVAGINAL FISTULAS AND OTHER NIGHTMARES

Etiology and Treatment of Rectovaginal Fistula (20')
András Novák

Case Presentations (40')

12:30-13:30 LUNCH BREAK

13:30-15:00

PELVIC FLOOR DISEASES 1.

Decision Making Algorithm in the Treatment of ODS (20')
Gabriele Naldini

Imaging Techniques in the Assessment of POP - The Role of US in POP (15')
Giulio A. Santoro

Imaging Techniques in the Assessment of POP - The Role of MRI in POP (15')
Rania Farouk

Rectopexy step by step (20')
Gabriele Naldini

Long Term Results of Rectopexies (20')
Frédéric Ris

15:00-15:20

COFFEE BREAK

15:20-16:40

PELVIC FLOOR DISEASES 2.

Causes and Treatment of OASIS (30')
Péter Willner-Haring

Physiotherapy in OASIS (20')
Piroska Rigóné Tavaszi, Edina Iván

The Urogynecologist's Aspect in the Treatment of POP (20')
Orsolya Oláh

Discussion (20')

16:40

Closing Remarks
